01 / WHO WE ARE

A construction partner grounded in practical on-site delivery.

SNP Enterprises is a construction and civil-work company headquartered in Greater Noida, Uttar Pradesh. We support the complete journey of a built asset—from structural and RCC-stage activity to brickwork, plaster, flooring and finishing packages.

Our team works alongside project stakeholders to mobilise labour, arrange materials, coordinate work fronts and keep site activities moving in the right sequence. The result is a hands-on delivery model aligned with the daily realities of construction.
